Local Kill Is High As Season Opens For Deer In Area

Official Says Third More Deer Killed Here Than Last Season

Capt. Kenneth Hooker, who headed a squad of six additional wardens in patroling this area during the opening weekend on the deer hunting season, reported that he believed more deer were killed in the immediate Truckee area this year than last, although this did not apply to other areas in the district.

There were 61 deer stored in the Curran ice house here on opening day as compared to 40 last season, the captain reported and the number of validations also showed a gain of approximately one-third.

Captain Hooker said that of the tags validated locally, 15 deer were killed in the vicinity of the airport alone.

One of the best deer of the opening weekend was a four-pointer bagged by Charles Fink of Truckee. The animal dressed at 210 pounds and had a near-perfect spread of antlers. A number of other local hunters reported good luck the opening days.

Illegal Use Of Tag Costs Hunter $500

Judge F. W. Wilson of the Truckee Judicial District Court passed out one of his heaviest fish and game violation fines Monday when he assessed George H. Gale, North Sacramento, $500 for illegal use of tags.

According to Game Warden Erwin Single, who cited Gale, the latter bagged a buck, brought it into camp and used his sister's tag, improperly filled out, so that he could return to hunt. When Single investigated, he said, the sister denied the shooting and when Gale returned to camp he was questioned and brought before Wilson.

Single said a number of other violations were noted principally by hunters carrying loaded guns in their cars.

The couple had been students at Tahoe Truckee High School. Mrs. Brown is a daughter of Mr. and Mrs. George Kaspian, well known here and at Lake Tahoe.

Mr. and Mrs. Gale Brown, former Truckee residents for a number of years and now of Tahoe Valley are the parents of the benedict.

The newlyweds are making their home in Truckee where he is employed.

LOCAL BOY BAGS HIS BUCK WITH ONE ARM

Kenneth Osburn, one of the star football players for the local team, will probably be out of the lineup for the season, but the opening day of the deer hunting season, proved that his broken right shoulder is no serious handicap.

Young Osburn returned home bright and early the opening day with a nice buck which he shot under a handicap, using only one arm—the left one at that.

To add to the family larder, his father, Clarence, went out the following day and bagged his buck.

Time Again Nears For Semi-Annual Confusion In Time

The period of time confusion is again upon us.

Sunday morning the states of California and Nevada among others, return to standard time and daylight saving time will be shelved for the winter months.

The process of the change over is simple, you just set your clocks ad watches back one hour and there you are. If this throws you into a state of confusion, think nothing of it, and if it takes a couple weeks to adjust to normal routines, just go along with the idea. Someone along the line has worked this deal out in an effort to defeat the old established time, and maybe it's a good thing.

It would seems a lot simpler to establish either a standard time or a daylight saving time and let it go at that, but apparently in a spirit of compromise the proponents of standard time and DLS time are both having their way and the public is asked to follow along.

FIRE RAZED ANCIENT TRUCKEE STRUCTURE

Fire which is believed to have started from an overheated stove and defective chimney yesterday morning virtually destroyed the old row of rooms immediately behind the Capitol on the main street.

Quick response by the fire department prevented a spread of the flames to the nearby business places and other dwellings in the immediate vicinity.

The structure had been used as a rooming house and some of the tenants moved back in when the fire was extinguished, although the interior was badly damaged.

ROTARY TO HONOR TEACHERS MONDAY

Teachers of the Tahoe-Truckee High School will be honored guests at a meeting of the Truckee Rotary Club at Donner Lake Lodge Monday evening at 7 p.m. William Sciutto, principal of the school, is the program chairman and Dick Swanson will preside. A special program is planned for the occasion.

PTA WILL AID FIGHT FOR HIGHWAY ACCESS

The Tahoe-Truckee High School PTA at the meeting Thursday night voted to join the residents of Floriston in appealing to the division of highways to make alterations in present plans for an access road into that community from the freeway now under construction.

A letter to George McCoy, state engineer, was authorized by the group at the request of parents of the Floriston community. They charge that under present plans, students will be required to walk further to board the school bus and that the bus will be required to go to Farad before turning around for the return trip.

The new high school faculty was presented to the PTA members by Principal William Sciutto. C. Z. Smith was appointed program chairman and Mrs. Harris was named refreshment chairman. Mrs. Charlotte Patnoude spoke on the symptoms and care of the so-called Asian flu.

All In Readiness For Annual Free Stew On Saturday

Queen Contest Will End At Noon Saturday; Race Reported Close

Ballots in the queen contest for the Truckee Outdoor Sportsmen's annual free buck stew to be held at Capitol Hall Sunday afternoon at 1 o'clock, will be tabulated Saturday. The contest ends at noon Saturday.

All three queen candidates, Anita Diaz, Rosalee Christenson and Joyce Slate are believed close in the contest, with tomorrow and Saturday morning being the deciding time.

President Frank Fox and Vice President Charles Osburn, who are heading the committee on arrangements, announced there will be plenty of good venison ready for the huge pots which will be presided over by Mr. and Mrs. Johnny Ciardella.

More than 100 prizes have been donated by local merchants and the club is giving a high-powered deer rifle to head the list of awards.

The region is expected to be filled with hunters and a record crowd is expected when the affair occupies the highspot in the club's activities for the year.

Everyone is welcome to attend and a number of district officials are expected to be on hand.

Senator Stennis Here On Inspection

Senator John C. Stennis of Mississippi, Howard Hopkins, assistant chief of the forest service in Washington, D.C. and M. M. Barnum, assistant regional forester of San Francisco, made a tour of the Truckee ranger district of the Tahoe National Forest last Thursday.

Senator Stennis, as chairman of the national forest reservation committee, is making a tour of the western states to study national forest programs and problems first hand. Tahoe Forest Supervisor Gus Rickel and District Ranger Roy Saarni met the group in Truckee and took them on a tour which included land use problems in the Truckee area, Donner Lake, reforestation projects on the Jackass Point and Bald Mountain burns, campground rehabiliation projects at William Kent campground, summer home tracts, Olympic plans in Squaw Valley and various proposed land exchange areas in the Tahoe and Truckee areas.

This was Senator Stennis' first visit to this area and he was much impressed with the beauty. The group continued on to the El Dorado forest later in the day.

MIXED CLASSES AT SCHOOL NECESSARY

Because of the overcrowded condition at the Truckee Elementary School, one split class with both first and second grades has been started, John S. Corbin, district superintendent, has advised the governing board. This, Corbin said, is rather confusing to the youngsters and plans are being made to utilize the basement of the Methodist Church if conditions warrant.

Corbin added that it was perhaps fortunate that Squaw Valley did not "pop" 'this year, as he estimated that active progress there will swell attendance between 100 and 200 more pupils.

MORE FUNDS GIVEN TO COUNTY ROADS

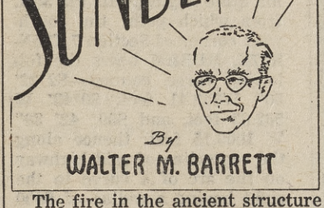

SACRAMENTO—An additional apportionment of $2,567,154 state and federal funds for federal aid secondary county road work was announced today by the state department of public works.

This new apportionment was made possible by Chapter 2402, statutes of 1957, which Gov. Goodwin J. Knight approved July 15.

The action raises to $14,575,385 the total of federal and state funds available for county roads on the federal aid secondary system for the fiscal year 1957-58, as apportioned by the California Highway Commission.

For Nevada County, the increase includes $6279 in federal and $4475 in state matching funds, a total increase of $10,754. This brings the total apportionment for the county for 1957-58 to $96,294, made up of $36,226 federal and $40,068 state funds.

SUNBEAMS

By WALTER M. BARRETT

The fire in the ancient structure in the rear of the main street here this week should bring to mind an important thought and one which should not be forgotten and that is the necessity of fire prevention in the home. At this time of the year, furnaces and other heating equipment which have stood idle all summer, are suddenly being put into maximum use as the weather gets cooler. It is extremely important that these heating units be very thoroughly checked before the real cold weather arrives. Lint, and even inflammable debris might be collected in the furnaces, stoves or outlets. Pipes and chimneys may be filled with soot or oil refuse and when the heat is applied, a fire might result. It will take only a short time to make a thorough inspection and that inspection may save your home, business or your life. It is senseless to take chances.

LOCAL MAN FINDS TWO GUNS, CASES

If anyone ever questioned the honesty of William Curran, local distributor of Crystal products and other commodities, they may immediately discount their doubts.

When he went to his ice house Monday, Curran found on the platform two excellent deer rifles and two filled suitcases, apparently abandoned by hunters, who had been operating the automatic ice dispensing machine.

Curran stored the "loot" in the warehouse and immediately notified the authorities and is making an effort to locate the owners.

FRANK DURKEE WILL STAY ON STATE JOB

SACRAMENTO (CNS) — Gov. Goodwin J. Knight has denied he had any intention to oust Frank B. Durkee as state director of public works.

Recent rumors in the capitol had been to the effect Durkee, 30-year civil service veteran, would be shifted from the $20,000 director's job to a new position on the state adult authority, at $16,500. He would have been replaced by C. M. (Max) Gilliss, legislative secretary to Knight, the reports said.

However, Knight told newsmen he had heard nothing of such plans and Durkee would continue in the position. Gilliss, meanwhile, returned to his former position as deputy director of public works.

Hunter Killed By Bullet Near Here As Season Opens

Manslaughter Charged As Victim Dies Following Sierra Accident

William B. Andrews, 31, Fair Oaks, was killed Saturday near Independence Lake by a bullet allegedly fired by Johnny F. Patterson, 26, North Sacramento, in the only fatality reported on the opening day of the hunting season in this area.

Andrews was celebrating his birthday with four friends with a hunting trip. They had met in Truckee shortly before and separated while hunting.

Patterson told Sierra County officers that he was hunting alone and flushed a deer in the brush and fired. When he went to see the effects of his shot he found the body of Andrews with a shot through his heart.

Patterson was taken to Downieville and held on suspicion of manslaughter. The body of the victim was removed to Folsom. He is survived by his father, William B., Sr., of Fair Oaks.

Beaches At Tahoe Will Be Surveyed

AUBURN—A survey of Tahoe beaches to clear up the question of access and use by the public has been authorized by the board of supervisors.

County Surveyor Carter Sawyer and Raymond L. Phillips of the road department were directed to make the survey.

The matter has been under study by the supervisors since a petition was presented by the North Tahoe Community Club, urging public rights be established.

District Attorney Al Broyer said the following beaches and lakeshore areas would be included: Carenlian Bay, Agate Bay, Miramar Heights, Ridgewood, Bittencourt, Tahoe Vista, Tahoe Island Park and Lake Forest.

PARENTS PAY FOR FIRE BY CHILDREN

The parents of two youths were recently given stiff penalties by a local justice of the peace, under the California financial responsibility law, for the destruction of trees in the United States Forest Service public campground at Lake Tahoe.

Jack Schindler, the Tahoe National Forest patrolman on the north end of the lake caught two boys, under 12 years of age, redhanded in the act of mutilating trees in the Tahoe National Forest William Kent Public Campground. Several small firs were chopped down and several large fire trees were girdled.

Schinder cited the boys and their father to appear before Judge Harry Charrison of Tahoe City for destruction of public property. Judge Charrison invoked the financial responsibilty law, 602a of the penal code, and ordered the parent to reimburse the forest service in the sum of $50 for damages to the campground.

The judge stated that he felt that this was a fair reimbursement to the United States Forest Service for the planting and caring for trees to replace those which were destroyed by the two youths.

ILLNESS HERE CAUSE OF ATTENDANCE DROP

It may be Asiatic flu, it may be something else, but something has hit this area with a vengeance and as a result attendance at the local schools has suffered a severe drop.

William Sciutto, principal at the high school, reported 70 on the absentee list yesterday, which was a gain from the 90 reported absent a few days previously.

The epidemic—if it can be called that—is apparently not severe and youngsters are at home only briefly and most do not require medical care. Adults are not immune and many cases are reported among the parents.

Blasts At Gordon Quiet, No Comment By Knight

SACRAMENTO (CNS) — Gov. Goodwin J. Knight said he has received no communications from sportsmen's groups lately and, as a result, could make no comment on their reported requests that Seth Gordon be replaced as state director of fish and game.

Several northern California publications recently carried stories to the effect sportsmen of a number of northern counties were opposed to Gordon and his policies.

Bob Sled Run May Be Dropped From Winter Olympics

Progress Report Presented At International Meet At Sofia

Word from Sofia, Bulgaria, this week was to the effect that the International Olympic Committee has approved a progress report from the California Organizing Committee and has agreed that the organizers have the right to sell and keep the proceeds of television and movie rights.

Prentis C. Hale, president of the California committee, said newsreel coverage for television and movies will be free and open to all on a limited time or footage basis.

The IOC delayed a decision of the Squaw Valley proposal that the winter games last 12 days instead of 11 from February 11 to 22.

Avery Brundage, president of the IOC said the group was pleased with the decision permitting foreign athletes to compete regardless of their diplomatic relations with the U.S. without fingerprinting.

Plans to eliminate the bobsled run were discussed and while Hale said it might detract from the thrills of the games, but would have little bearing since the sport is not popular in this region. A port showed only two counties, the U. S. and Romania, were willing to say definitely they would take part. Five other nations said their participation in this sport was probable and others were doubtful.

The local delegation was expected to return to the United States this week.

In the meantime efforts to reach a land agreement with property owners is continuing so that construction of facilities at Squaw Valley can be started as soon as possible.

Tom Buell Will Be Honored Saturday

Co-workers and friends of T. T. (Tom) Buell will celebrate his retirement Saturday evening with a dinner party at Bret Harte Inn in Grass Valley. Buell will retire as highway maintenance superintendent of the area comprising Yuba County and portions of Sierra, Nevada, Sutter and Placer counties.

His nearly 25 years of service with the California Division of Highways started as a laborer in the Los Angeles area in 1932. Successive promotions saw him serving in various capacities in Fresno, Redding and Bishop.

He was promoted to superintendent in 1938 and came to the Truckee area in that capacity in 1942. He was transferred to Grass Valley in 1953.

Two memorable experiences occurred during his stay in Truckee. In November, 1950, while inspecting a slide during a severe storm, a slide swept him and a highway patrolman from the roadway and carried his car 150 feet into a ravine, injuring him seriously.

Buel was in charge of opening Highway 40 over Donner Summit after the road was closed for 28 days by the big storm of 1951-52.

Mr. and Mrs. Buell plan to continue making their home in Grass Valley after his retirement.

Chairman for the retirement dinner is John L. Snider of Grass Valley who has served under Buell for 13 years.

LOCAL MAN JAILED FOR TALKING FOUL

Ray Brown, Truckee, was sentenced to 90 days in jail and placed on two years probation yesterday by Judge F. W. Wilson in the Truckee Judicial District Court. He was charged with the use of obsence and foul language in the presence of a minor. The case resulted, officials said, from Brown's use of a telephone over which he used the language several weeks ago.

Sixty of the 90-day sentence was suspended by Judge Wilson.

August traffic also showed an increase of 4.1 percent over July, slightly below the normal July-to-August increase of 4.9 percent.

The traffic count on California highways for the first eight months of 1957 showed an increase of 7.3 percent over the same period of 1956, the department said.

A Grand Party

The annual cocktail party at a delightful affair. All gathered the Dunes, the home of Doug and Mrs. Free in Tahoe Vista, was held last Sunday evening when the September Club was hosted by Doug and Adeline. We are so glad that weare honorary members as it was on the big porch and cocktails and hors d'oeuvres were served, and there was many song leaders. It is easy to say that Opal Muller was the star performer with her rendition of delightful hula dancing, which wa senjoyed greatly by the guests. Following were the guests: Mr. and Mrs. Nick Powell, Mr. and Mrs. Frank Barcus, Mr. and Mrs. Arney Hillstrom, Dr. and Mrs. George Muller, Mr. and Mrs. John Levett, Mr. and Mrs. Harry Newman, Miss Helen Lochrie, Miss Helen Wilson, Miss Christine Hawkins, Mr. and Mrs. Harry Sternberg, Mrs. J. Sunday afternoon and it is the most gorgeous day that we have had all summer. Temperature 73 degrees and the lake like a mill pond. A lot of people around and its too bad so many left.

Deer Season

Deer season started with a bang. Had four tickets to validate Saturday and two on Sunday. Fred Wofford had a dandy and Fred Baker and his big son, Stanley, had one apiece weighing around 130 pounds each. Jack Brown also got one which was not so big, but the first one in.

Cats

The Tahoe Biltmore at Crystal Bay was take nover by the cats last Saturday and Sunday when the annual cat show was held. Never did we see so many cats. I understand ahere were around 600. Some of the cages were really a picture; one in particular had a bed with pillow and all, made up of silks and satins. The Carrie Mercer family had a real alley cat which won several prizes.

WHAT'S DOING

I doubt if you've seen the special maps this telephone man is looking at. It's a sure bet you won't find them in your youngsters' school books. But maps like this are mighty important to us. They show the routes of telephone lines here in town—above the streets and underground, too. If our instruments see a sign of trouble, these maps help repair crews track it down in a hurry. We plan ahead this way so we can fix troubles before they affect your service.

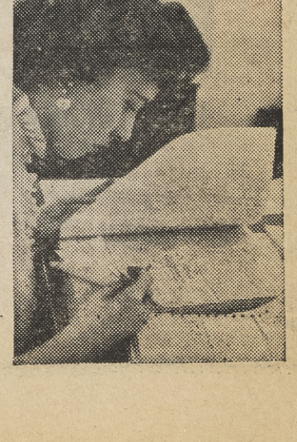

* * * * *

Could be that you've noticed cans like these hanging from telephone cables. If so, you've probably wondered about them. Well, they're weights to keep cables from "dancing" in the wind. Know how your clothesline gets whipped around on windy days? If we let this happen to telephone lines, it might loosen the poles. So these weights keep the wind from playing tricks on us.

* * * * *

Your phone book's probably the best-read book in town. And you count on it for accuracy. Our people who put out the directory never forget this. Everything's checked over and over. Just to make sure they're right, numbers are read backward as well as forward. Employees trade off on these checking jobs, to keep a fresh slant on things. And with their training, they know how to spot mistakes—and fix them. **Pacific Telephone**

NEWS NOTES FROM TAHOE

By Naomi McLane

Tahoe City, Box, 711. Juniper 3-3187

Northern Lights

Did you see the northern lights Sunday night? Perhaps they have been splendoring every night these days and we just had not seen. We thought all of Tahoe City was on fire til we realized there were two main columns of red, one west of the north star and the other east. It was an awesome, lovely sight.

Sport Cars for Oldsters

One of the things I have enjoyed about this summer's traffic was the number of middle aged and elder people who have been seen traveiing in new sport cars. Many are driving the real sport models as well as the little European family cars. Youth should certainly have its place, but it's nice to see this symptom of the "young in heart."

Roy Guests

George Roy gave me the following news item and it is my fault it is a week late. As house guests for a weekend, Roy had a grand niece of Mrs. Rose Boyiaredes in the Tahoe City home. The niece, Agalia, was married last June to Gus Andrew Daldas, formerly a captain in the Royal Army of Greece. The young couple married in Athens and are honeymooning in this country. On September 20 they left for New York where they will make their home. Mrs. Constanline Basiliou Mountanos was also a recent guest of George Roy.

Visits Son

Mrs. Diamantra Vanni, mother of Pete Vanni, is visiting with her son and getting acquainted with her three little grandchildren. Mrs. Vanni lives in South San Francisco.

Friends Visit

Mrs. Forderhase, at the almost top of Lakeview Drive had as her guests last week her friends Ruth Grant and Ruth Walton of Yuba City and Ernest Olson of Burlingame.

Birthday

Deborah Marie Painter of Lake Forest celebrated her first birthday, September 17, at the home of Mrs. Marshall Ruhkala. She received her gifts and cut her cake with one candle on it right after the weekly Bible Study Class Mrs. Roy Rhoades of Truckee has been conducting. Among the guests were little Deborah Grahn and the hosts, Susan and Carl Ruhkala. The parental contingent consisted of Mr. Don Painter, Mrs. Ward Knapp, Mrs. Donald Grinstead, Mrs. Ray Grahn, and Mrs. Al Lungren.

From Washington

The McLanes were delightfully surprised by the visit from Tacoma of an old friend, Bill McCullough and his wife Ivy. As part of showing off our beautiful country, we took our friends down to Sunnyside to take them out in a boat.. I think we home folks enjoyed the trip as much as the visitors.

Birthdates

Jack Dunne is just few days younger than his little grandson, born last week in Sacramento. Sunday, September 22 was Jack's natal day. He and his wife celebrated at home and during the afternoon friends and neighbors dropped in to wish him the best for many years to come.

Deer Killed

Results from deer hunting expeditions trickel in. Among the long faced hunters was John Reed whose buck just wasn't where he staked it out last year. Most of you will remember John who was with the fish hatchery for years. Charles Rich and his wife Betty got one as did Bob Stark, Bob Jorgensen and Jim Baker.

Has Operation

Gary Burmer is in the hospital at Reno undergoing surgery for the arm he injured last spring. The nerves were shattered and were deteriorating ,making this belated operation necessary. Gary, 12, is tired of the hospital routine but is making the best of it, according to his parents, Chris and Lee Burmer.

Father Expires

Naomi Plew flew to Atascadero last week to attend the funeral of her father, James Mitchell who had been ill for some months.

Entertain

Mr. and Mrs. C. E. Bosen entertained Mr. and Mrs. J. A. Erickson of Long Beach last week. Also Ed's brother, Lawrence and wife, came up from Yuba City to spend Sunday.

Attends Funeral

Dale Freeland of Lake Forest and his family attended the funeral of Dale's father in Reno this week.

Grahams Move

Mr. and Mrs. Don Graham have moved from Lake Forest to the Wendell Dunn house on Lake View Drive. Dunns are leaving for Scotia where he will manage a drug store.

Rotary Meets

Rotary met Tuesday at Tahoe Inn for their last luncheon meeting of the year. Twenty-two members and seven guests were present and Warren Porter presided. Starting this wek meetings will be held in the evening.

"Hole-in-One"

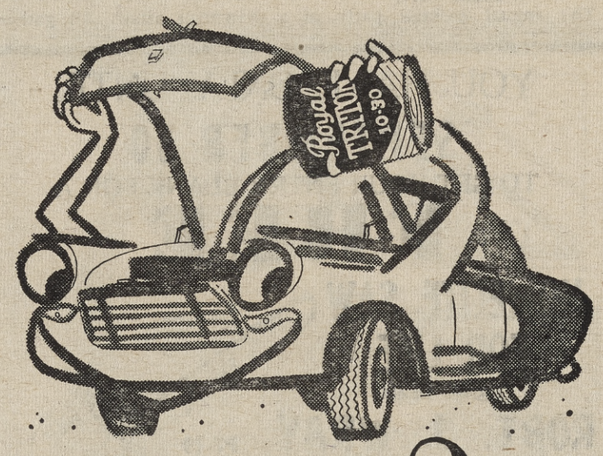

Seven year old Jimmie Henry wondered if his name had been in the paper. His parents, Dr. and Mrs. Henry said: "No. Why?" Jimmie replied that Dr. Nelson had his name in the paper when he made a hole in one while playing golf and Jimmie too made one on the miniature course at Tahoe Vista. And Jim has a broken arm, too.

Thursday morning, September 19, Mrs. George C. Walker entertained at the traditional deer hunters' breakfast at her lovely home on the Truckee River. The hunters who attended were proud to carry out the custom of 44 years standing which was originated back in 1913 by Mrs. Waker's late husband (who passed away in 1937), and her brother, Charles A. McDonald of Los Angeles. Dr. Whitfield Crane, nephew of Mrs. Walker now traveling in Peru, carried on for the group from 1938 to 1956, but since he could not be present for the occasion this year he wrote a letter to his colleagues which was read at the breakfast table.

Those who enjoyed the gala breakfast party were: Bob Tuck of San Francisco; Ed Umphred of Piedmont and brother, Lee Umphred of Walnut Creek; Joe Shaw of Atherton; D. G. Richardson of Piedmont; and George McCollum of San Lorenzo. Other guests present included Mr. and Mrs. Elfred Luhrs of the Truckee River and Eleanor Swanson.

* * *

Mr. and Mrs. Granville Abbott, Jr., of the Truckee River colony entertained on September 12 at their summer home, the occasion honoring the birthday of Mr. Abbott and Beach Baker of Oakland. Cocktails and a delicious dinner were enjoyed by Mr. and Mrs. Elfred Luhrs and Pete Wilslef of the Truckee River, Mr. and Mrs. Norman Pixley of San Mateo, Mr. and Mrs. Carl Abbott of Tahoe Pines and Mr. and Mrs. Donald D. Boyd of Yuba City.

Mrs. Louise Geier has been appointed chairman of the community achievement program for the Women's Club of Tahoe. The local club members have entered the state-wide contest being sponsored by the General Federation of Women's Club, and the Sears Roebuck Foundation, for the most worthwhile project of this nature. The current project of the local club is financing the beautification of the town's small cemetery plot, "Trail's End" on Fairway Drive.

* * *

Miss Maris Franz of Tahoe Park hosted a small luncheon party at her home near the highway last Wednesday noon. Guests included Mrs. Rob Watson, Mrs. Phil Geier and Eleanor Swanson. It was in the nature of a farewell gathering as she leaves her home on October 1 to turn her house and three rentals units over to the new owners, the George Meads. She plans to remain for several months at the Phil Geier home before leaving for southern California for the winter.

TAHOE SIDELIGHTS

by SWANEE

TAHOE CITY — Recent guests at the Rob Watson's Dollar Hill Retreat near the Highlands included Mr. and Mrs. Frank Burd of San Francisco and Mrs. Vera Corron of the building inspector's office in Auburn, and son, Allen. The Bob Toninis on Sunday hosted a barbecue dinner for their friends, Greg and Ivy Browne of Tahoe City. Mr. and Mrs. Paul Webb of Loomis were up for several days last week closing up their summer home in Tahoe Park for the winter. They left for home on Thursday. Mrs. Patti Scott had to delay her departure for Piedmont last Thursday because husband Bud came down with flu. Constable Harry Johanson of Tahoe City is still unable to resume his official duties due to an attack of sciatica in his leg and hip. Mrs. Elizabeth Craft of San Luis Obispo, who taught school at Tahoe in earlier days, and left here in 1922, was a visitor at the A. M. Henrys on Sunday last. She asked for her old pupils, among them, Harry, Stanley and Nellie Pomin, Agnes Soll, Mildred Watson and Vivian Pomin. All married long ago. Reports on our sick folks are as follows: Midge Daft and Celeste Daniels, out of the hospital, out of bed and back to work once more. Joe Henry, improving, but still confined to bed most of the day. Della Goss, still in Tahoe Forest Hospital holding her own, but due to remain a patient for some time yet. Little Gary Burmer, son of the Chris Burmers, just 12 years old, recuperating in St. Mary's Hospital in Reno from a lengthy and serious operation performed last Friday on his arm. He fell on a stick some weeks ago and was presumed to be recovering satisfactorily until new trouble with the nerves in his arm set in and surgery was found necessary. To all of the patients we say: The best of good luck and an early recovery. Mrs. Mitzi Cochran of Berkeley, mother of Mrs. James Baker of Fairway Drive, at Tahoe for a week's vacation with her family. Mr. and Mrs. Fay Warner leaving for their home near Richmond on Friday after closing up for the winter. Mrs. Alice Martin of Reno, at the Crystal Bay home of her daughter, Mrs. Mae Morrison of Reno, with a friend, for a vacation. Mrs. E. B. King and family home to Oakland on Monday. TNT TIDINGS

by NANCY WATTS

School is off with a bang to a good start. Classes have all been re-arranged and the students have gotten their schedules straightened out to everyone's satisfaction. The general heat of confusion has cooled down and things are getting down to normal.

The varsity team played South Tahoe here Saturday. The Wolverines put up a terrific battle and it payed off. At the end of the game the score was 12-12, a tie.

At the field, the junior class sold refreshments and made quite a bit of money, especially during the big half-time rush.

The ambitious junior class will soon be selling bookcovers for textbooks and pom-poms for the purpose of raising money for their prom. The covers are being ordered and will probably be on sale soon. The pom-poms have been sold beginning Tuesday and their sale will continue until they are all gone.

Wolverines Tie In South Tahoe Game

by JOHN FIRPO

The Tahoe-Truckee Wolverines rallied two touchdowns in the second half to come from behind a 12-0 deficit and tie the South Tahoe Vikings, 12-12.

The Wolverine's Dick Decker ran the extra point on the second TD but there was an offside penalty against Tahoe-Truckee and the ball was moved back. Dean Holbrook's try for the PAT was blocked.

The Viking's fullback Mike Reed ran 30 yards on the first play for South Tahoe's first TD. The PAT was blocked by Trainor and the score stood South Tahoe 6, TNT 0.

Quarterback Dave Cryts passed to end Paul Gruber for the second South Tahoe TD in a second quarter drive.

Getting into the act in the second half the Wolverines marched to the one-yard line, where Craig Robinson took the ball over on a quarterback sneak Holbrook's try for the extra point was wide and the Wolverines trailed 6-12 In the final quarter, passes to Wood and Holbrook set up the Wolverine's last TD.

Final statistics show the Wolverines outgained South Tahoe by a margin of 228 yards, net total, to the Viking's 43 yards In the second half the Vikings from Al Tahoe had minus 10 yards all total.

The Wolverines will travel to Fallon tomorrow Game time is set for 7:30 PM The next home game is October 5, with the Quincy Trojans who recently tied the Lassen Grizzlies, 13-13.
